Subject: Training Course for the Treatment of Cervical Cancer: Clinical, Quality and Safety Aspects, Houston, TX, United States of America, from 6 to 11 July 2020

Dear National Liaison Officer,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT6062, "Strengthening Capacity for Cervical Cancer Control through Improvement of Diagnosis and Treatment".

The purpose of the event is to train the participants on the quality, the safety tools and the management strategies related to the treatment of the cervical cancer; including the critical and high-risk elements of the treatment workflow for cervical cancer; and guidance on how to establish a quality management system in radiotherapy, with emphasis on cervical cancer.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures.

We would appreciate receiving your country's nominations by **3 April 2020** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>).

We look forward to receiving your early response.

Yours sincerely,

Javier Romero  
Programme Management Officer  
Division for Asia and the Pacific  
Department of Technical Cooperation
